

DARTH VADER

Dark Side Project Management Specialist

Death Star, Galactic Empire

Email: vader@empire.gov | LinkedIn: linkedin.com/in/darthvader

PROFESSIONAL SUMMARY

Results-driven project manager with a demonstrated history of overseeing large-scale, galaxy-spanning projects. Adept at enforcing deadlines, managing cross-functional Sith and Imperial teams, and ensuring stakeholder alignment (or elimination). Passionate about optimizing workflows, leveraging AI (Artificial Intimidation), and forcefully driving projects to completion.

EXPERIENCE

Project Manager, Galactic Empire

Years Active: 2024 – present

- Spearheaded the end-to-end development of the Death Star project, managing cross-functional teams including engineers, stormtroopers, and Sith Lords.
- Led daily stand-ups with subordinates and ensured strict adherence to Sith Agile methodologies.
- Implemented performance improvement plans for underperforming staff (with a 100% compliance rate).
- Mitigated risks and obstacles through assertive negotiation and Force persuasion tactics.
- Managed crisis response when projects encountered unforeseen Rebel resistance.
- Successfully developed and maintained strong stakeholder relationships with Emperor Palpatine, ensuring seamless execution of Empire objectives.

Associate Project Manager, Sith Operations Division

Years Active: 08 2020 – 09 2022

- Provided strategic oversight on the Jedi Purge project, optimizing execution timelines and resource allocation.
- Championed a culture of efficiency through aggressive KPI tracking and direct feedback mechanisms.
- Coordinated interdepartmental communication between military, engineering, and Inquisitorius teams.
- Conducted post-project retrospectives to identify lessons learned and ensure continuous improvement.
